since 1969 the united kingdom always has always had one submarine armed with nuclear tipped ballistic missiles underwater undetected in constant communication ready at a set notice to fire at targets anywhere in the world this is part of its trident programme which includes the development procurement and operation of the current generation of british nuclear weapons as well as the means to deliver them operated by the royal navy and based at clyde naval base on scotland s west coast it is the most expensive and

most powerful capability of the british military forces in 2016 the united kingdom had to decide on whether to go ahead and build the next generation of nuclear submarines that will allow the uk to remain in the nuclear business well into the second half of this century the book presents the political cultural technical and strategic aspects of trident to provide a thoughtful overview of the uk s complex relationship with nuclear weapons the authors both scholars and practitioners bring together diverse perspectives on the issue discussing the importance of uk nuclear history as well as the political legal and diplomatic aspects of uk nuclear weapons internationally and domestically also addressed are the new technical military and strategic challenges to the uk nuclear thinking and strategy

a book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

soccer the most popular mass spectator sport in the world has long been a site which articulates the complexities and diversities of the everyday life of the nation the imaging and prioritization of the game as a national or an international event in public opinion and the media also play a critical role in transforming the soccer culture of a nation in this context the fifa world cup remains the grand spectacle for asserting the identity of the nation this book intends to offer eclectic perspectives and discourses on the fifa world cup and to throw light on the changing dimensions of football and sports culture in terms of identity race ethnicity gender fandom governance and so on on the one hand it focuses on the significance of the fifa world cup for nations in terms of hosting performance playing style and identity formation on the other it looks beyond the world cup to highlight the growing importance of a host of perspectives in sport in general and football in particular with reference to art fandom gender media and governance the chapters in this book were originally published as a special issue of sport in society

this established textbook provides an understanding of materials behaviour through knowledge of their chemical and physical structure it covers the main classes of construction materials metals concrete other ceramics including bricks and masonry polymers fibre composites bituminous materials timber and glass it provides a clear and comprehensive perspective on the whole range of materials used in modern construction to form a must have for civil and structural engineering students and those on courses such as architecture surveying and construction it begins with a fundamentals section followed by a section on each of the major groups of materials in this new edition the section on fibre composites frp and frc has been completely restructured and updated typical questions with answers to any numerical examples are given at the end of each section as well as an instructor s manual with further questions and answers the links in all parts have also been updated and extended including links to free reports from the concrete centre as well as other online resources and material suppliers websites and now with solutions manual and resources for adopting instructors on crcpress com 9781498741101

investigating the theoretical and empirical relationships between transparency and trust in the context of surveillance this volume argues that neither transparency nor trust provides a simple and self evident path for mitigating the negative political and social consequences of state surveillance practices dominant in both the scholarly literature and public debate is the conviction that transparency can promote better informed decisions provide greater oversight and restore trust damaged by the secrecy of surveillance the contributions to this volume challenge this conventional wisdom by considering how relations of trust and policies of transparency are modulated by underlying power asymmetries sociohistorical legacies economic structures and institutional constraints they study trust and transparency as embedded in specific sociopolitical contexts to show how under certain conditions transparency can become a tool of social control that erodes trust while mistrust rather than trust can sometimes offer the most promising approach to safeguarding rights and freedom in an age of surveillance the first book addressing the interrelationship of trust transparency and surveillance practices this volume will be of interest to scholars and students of surveillance studies as well as appeal to an interdisciplinary audience given the contributions from political science sociology philosophy law and civil society the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives 4.0 license

rated by an independent panel as the best introductory global health text for undergraduates global health 101 third edition is a clear concise and user friendly introduction to the most critical issues in global health it illustrates key themes with an extensive set of case studies examples and the latest evidence particular attention is given to the health development link to developing countries and to the health needs of poor and disadvantaged people the third edition is a thorough revision that offers an extensive amount of new and updated information while maintaining clarity simplicity and ease of use for faculty and students offering the latest data on the burden of disease the book presents unique content on key topics that are often insufficiently covered in introductory materials such as immunization and adolescent health
