can you imagine an all powerful group that knows no national boundaries above the laws of all countries one that controls every aspect of politics religion commerce and industry banking insurance mining the drug trade the petroleum industry a group answerable to no one but its members to the vast majority of us such a group would appear to be beyond the realms of possibilities and capabilities of any given organization if that is what you believe then you are in the majority the conception of a secret elite group exercising control of every aspect of our lives is beyond our comprehension americans are prone to say it can t happen here our constitution forbids it that there is such a body

called the committee of 300 is graphically told in this book when most people attempt to address our problems they speak or write about they this book tells precisely who they are and what they have planned for our future how they have been at war with the american nation for 50 years a war which we are on the brink of losing what methods they use and exactly how they have brainwashed us if you are puzzled and perplexed as to why things are occurring that we as a nation don t like yet seem powerless to prevent why it is that the united states always seems to back the wrong horse why the united states is in a depression from which it will not emerge why our former social and moral values have been turned aside and seemingly buried if you are confused by the many conspiracy theories the conspirators hierarchy the committee of 300 will clearly establish that these conditions have been deliberately created to bring us to our knees once you have read the applying truths contained in this book understanding past and present political economic social and religious events will no longer be a problem this powerful account of the forces ranged against the united states and indeed the entire free world cannot be ignored

konrad koerner a leading historian of linguistics has long said that an academic field cannot be considered to have matured until it has history as one of its subfields the history of linguistics is a growing area having come into its own in the 1960s especially after noam chomsky looked for historical roots for his work in contrast the history of language teaching has been neglected reflecting the insecurity and youth of the field most works on the subject have been written by linguists for other linguists and typically focus on a specific period or aspect of history this volume concentrates on the basic issues events and threads of the history of the field from mesopotamia to the present showing how a knowledge of this history can inform the practice of language teaching in the present
